GREATER LONDON PAY

Teachers in Enfield have faced years of pay cuts and cost of living rises. Tell us about the impact that years of pay cuts have had on you [Pay Cuts](#) or put [Survey Monkey London Pay in Google](#). Share the survey with colleagues and teacher friends across London. You can be part of the Greater London Pay Campaign. Join Enfield Reps on Saturday 30 June, 10am-1pm at NEU HQ, Hamilton House, Mabledon Place, (nr. Euston). Contact Claire.docherty@enfieldnut.org.uk (text 07849211709) if you think we should get a pay increase to match inner London pay.

Book your place at the June 30 Briefing via: <https://www.eventbrite.com/o/nut-london-regional-office-17339008353>

You can use the NUT section pay loss calculator to see how much you are earning this year and how much more you would have been earning if the Government had been willing to increase your pay in line with inflation

FAIR WORKLOAD CHARTER FOR ENFIELD

Is your workload reasonable? **YES/NO**
 Is your workload manageable? **YES/NO**
 Does your workload allow you a good work/life balance? **YES/NO**

If you answered **NO** to all the above, we need your help to create our Enfield Fair Workload Charter.

If you answered **YES** to all the above, we need your help too. You can advise us on how your school has managed to keep workload under control.

What do I need to do?

1. Meet with members at your school to look at the draft Fair Enfield Workload Charter (sent with this newsletter).
2. Bring their views to the General Meeting on 4th July

Why should I do this?

1. Because too many teachers are leaving teaching and too many are experiencing physical and mental health problems because of workload.
2. The charters introduced in Nottingham and Coventry have already had an impact which has been shown through their improved recruitment and retention figures.

Top Tip

A fairly paid and stress free teacher will be a good teacher.

Teacher, Union and Human Rights: A Seminar on Global Solidarity

10.30-15.30, Saturday 7 July 2018

NEU-NUT Headquarters, Hamilton House, Mabledon
PI, London WC1H 9BD

This all-day seminar will explore the need for, and power of, global solidarity in education around the world, especially in the face of privatisation, oppressive regimes, and the Global Education Reform Movement (GERM). This event is being organised in memory of activist Mary Compton, who sadly passed away in January 2018. Mary was passionate about international solidarity and the labour movement, and was widely known and respected for her activities. This seminar will commemorate and build upon Mary's important work. [Click here](#) for more information and to register for this free event.

Do make sure someone from your School attends. Where else can you combine doing something purposeful in improving teachers working conditions with great FREE food and drink? One of the main items for discussion is an Enfield Fair Workload Charter.

Child prisoners in Palestine - take action now!

The case of Ahed Tamimi earlier this year threw the Israeli State's practice of child imprisonment into stark relief. Ahed is currently serving an eight-month prison sentence – but she is just one of over 500 Palestinian children imprisoned by the Israeli authorities every year. [Join the campaign](#) calling for an end to this illegal practice, and encourage your MP to sign [Early Day Motion 563](#), 'Military Detention of Palestinian Children by Israeli Authorities'.
